Are you interested in fighting for workers, standing up for better wages and benefits, and making a direct impact on the lives of families everywhere? Then come see what a career in the Labor Movement looks like.

THE SOLIDARITY MIXER is an inclusive event for law students from underrepresented groups.

In attendance will be representatives from unions and New York-area law firms specializing in labor and employee benefits, who work at the forefront of the Labor Movement, including working with musicians, actors, professional athletes, baristas, tradespeople, and more.

Finger foods and refreshments will be served.

Co-sponsored by
